Work

Founder

Immortal Hosting (immortal.host)

Sep 2025 – Present

Built a hosting platform from the ground up on open-source software, leveraging high performance hardware and Kubernetes orchestration for maximum reliability. Delivered a complete solution spanning bare-metal infrastructure, automated security protocols, and a user-friendly platform.

Cyber Security Analyst

N'ware Technologies

May 2025 – Present

Conduct security assessments and penetration testing engagements. Analyze security vulnerabilities and provide remediation recommendations. Collaborate with the internal team to enhance client security postures and implement defensive strategies.

IT Technician

Cégep de Saint-Hyacinthe

Dec 2024 – May 2025

Provided comprehensive technical support to students, teachers, and staff across the institution.

Education

Université de Sherbrooke

Bachelor of Science (B.Sc.) in Computer Science, **Cyber Security Specialization**

Aug 2025 – Present

Cégep de Saint-Hyacinthe

Diploma of College Studies (DEC) in Computer Science, **Réseaux et cybersécurité**

Aug 2023 – Jun 2025

Certificates

Certified Penetration Testing Specialist (CPTS)

Issued by **Hack The Box**

May 2024

Projects

NovaPC.ca (Prequel to Immortal Hosting)

Awards

Event	Role / Achievement	Year
Cybersci	6th/19 (Montreal), 22nd/86 (Canada)	2025
HackFest CTF	Challenge Designer	2025
CTF intercollégial	3rd Place	2025
NorthSec CTF	Rank #72/92	2025

Skills

Cloud:

- ☑ Kubernetes
- ☑ Docker
- ☑ RHEL, CentOS, Debian, NixOS
- ☑ OpenStack
- ☑ Proxmox
- ☑ AWS
- ☑ Ansible
- ☑ Mikrotik Hardware
- ☑ OPNsense
- ☑ CI/CD

CyberSecurity:

- ☑ Pentesting
- ☑ Network Architecture
- ☑ Patching
